God Son Facility Management and Consultancy Services (GSFMCS) is a German-trained cleaners and cleaning consultant with over ten (10) years of provable working experience. We have a Cleaning Company in Germany with over twelve (12) workers who specializes in the cleaning of both Commercial and Residential Structures like Airports, Roads, Banks, Houses, Hotels, Retail Outlets, Hospitals, etc. Our Company is well known in the City of Stuttgart and its neighbouring States. Some of our Clients include Volksbank in Stuttgart, Asphalt Rems in Waiblingen, Autohaus Peter Eisemann in Fellbach. Others include Fitness Club in Fellbach and Goetze Armaturen in Ludwigsburg.

Our cleaning expertise covers both indoor and outdoor cleaning, industrial cleaning, maintenance cleaning, sewage management and disposal, refrigeration cleaning, gardening and horticultural cleaning services, construction cleaning, VIP cleaning and many others.

Cleaning services is a serious and dutiful business in the western world and it has gone beyond just sweeping, mopping and washing as there are new discoveries about various micro-organisms that thrive conveniently after the aforementioned cleaning processes had been carried out. It will interest you to know that recent studies have shown that eight (8) out of every ten (10) Africans are liable to contract various infections as a result of their environments. The studies although confirmed that five (5) out of these eight (8) people are consciously looking after their environments but it's not effectively done.

As a German-trained Consultant and Cleaners, we are privileged to access the latest cleaning technology/ technique. We make use of different cleaning materials and chemicals with their formulations and modern machine tools/implements, all of which are European Certified. I will also like to inform you that each of our professional cleaners are thoroughly trained with respect to each cleaning task and have each successfully completed all of the necessary trainings involved.

Our Company's goal is to professionally clean and service Nigerians to the best of our abilities and in the highest standards possible. Our dear nation Nigeria needs a qualitative and professional waste management handlers and we are poised to give just that. We shall provide strong management and direction for each of the areas that the State will need our services in order to ensure quality service delivery in a smooth and hassle free manner.

Furthermore, it is pertinent to note that the state of our environment is very important as it would go a long way in determining the first impressions a visitor or client would have when visiting our prestigious State; this I want to believe has been the driving force behind the excellent state of the world's beautiful cities. With our bold and qualified experience in waste management and environmental service consultancy, we intend to leave a lasting and positive impact on the minds of the citizens and residents of Ogun State including visitors as well.
